LIVE SURGERIES

Seville, 4–5 February 2027

THURSDAY 4 FEBRUARY · MORNING

Live surgery

OPERATING ROOMS 1 & 5

08:45

Minimally invasive preperitoneal ventral hernia repair

Dr. J Daes
Barranquilla, Colombia

11:00

Laparoscopic right hemicolectomy with CME

With ICG-guided navigation, Laser-Speckle imaging and 3D reconstruction

Dr. S Morales Conde
Seville, Spain

OPERATING ROOM 2

09:00

Laparoscopic distal pancreatectomy

Dr. H Asbun
Miami, USA

OPERATING ROOMS 3 & 4

09:30

Robotic single-port left hemicolectomy

Dr. M Gómez Ruiz (TBC)
Santander, Spain

10:00

Robotic subtotal gastrectomy

With D2 lymphadenectomy guided by vascular and lymphatic navigation

Dr. WJ Hyung
Seoul, South Korea

THURSDAY 4 FEBRUARY · AFTERNOON

Live laparoscopic surgery assisted by flexible endoscopy

OPERATING ROOM 1

16:45

Laparoscopic left hemicolectomy

With flexible endoscopic assessment of the anastomosis

Dr. A Melani
Rio de Janeiro, Brazil

OPERATING ROOM 2

17:00

Bariatric surgery *(procedure to be confirmed)*

To be confirmed (HUVR)
Seville, Spain

FRIDAY 5 FEBRUARY · MORNING

Live surgery

OPERATING ROOMS 1 & 3

08:30

Robotic transcervical esophagectomy
(pre-recorded)

Dr. PP Grimminger
Mainz, Germany

09:30

Laparoscopic low anterior resection

Dr. A Caycedo
Orlando, USA

OPERATING ROOM 2

09:00

Robotic right hemicolectomy

With central dissection, preservation of neural structures and AI-assisted identification of anatomical landmarks

Dr. J Watanabe
Tokyo, Japan

OPERATING ROOM 4

10:00

Laparoscopic hiatal hernia repair with a circular bioabsorbable mesh

Dr. S Morales Conde
Seville, Spain

OPERATING ROOM 5

11:00

Ventral hernia repair using a modular robotic system

Dr. R Díaz del Gobbo
Manresa, Spain

Note: given the complexity of the scheduled procedures, the organisers reserve the right to modify the cases, schedules or surgical teams. Each procedure and its live transmission will always be subject to the patient's clinical condition and the applicable standards of clinical safety.
